

# RICKY TRUONG

rickytruong@college.harvard.edu | rickytruong.com | linkedin.com/in/rickytruong

## EDUCATION

---

**Harvard University** | Cambridge, MA

*Sept. 2023 – May 2027*

Bachelor of Arts in Statistics & Mathematics, Data Science Track (GPA: 3.98)

- Coursework: Statistical Inference, Probability, Data Science, Proofs, Linear Algebra, Multivariate Calculus, Macroeconomics
- Activities: Open Data Project, Run Club, Marathon Challenge, Vietnamese Association, Phillips Brooks House Association

## EXPERIENCE

---

**Researcher in Biostatistics & Data Science** | Harvard T.H. Chan School of Public Health

*April 2025 – Present*

- Work with Prof. Francesca Dominici to study causal impact of legislation on air pollution in the U.S. using observational data
- Find time series on numerous covariates to apply methods in CausalImpact library in R after visualizing and wrangling data

**Teaching Fellow for Introductory Statistics** | Harvard Faculty of Arts and Sciences

*May 2024 – Present*

- Lead weekly section and office hours, engaging 25+ students while explaining important concepts in statistics and coding
- Rated 5/5 (“Excellent”) by majority of respondents in student reviews and received multiple awards for performance in role

**Researcher in Generative AI** | Harvard Graduate School of Education

*May 2024 – Sept. 2024*

- Worked with Prof. Sebastian Munoz-Najar Galvez on his project “Writing for College Admissions with AI Assistance”
- Analyzed responses of large language models quantitatively and qualitatively to determine important patterns and key words

**Residential Proctor** | Harvard Summer School

*May 2024 – Aug. 2024*

- Oversaw residential life for 20+ high school students, maintaining safety, enforcing campus rules, and mediating conflicts
- Hosted study breaks, office hours, and other events to boost student experience and facilitate community within entryway

## LEADERSHIP

---

**Co-President** | Group for Undergraduates in Statistics at Harvard

*April 2025 – Present*

- Plan weekly meetings and events for Harvard’s largest statistics-related student organization (400+ members, 10+ officers)
- Oversee efforts to build community for students and staff by implementing events in collaboration with Statistics Department

**Run Leader** | Harvard on the Move

*April 2025 – Present*

- Organize, manage, and participate in runs every Sunday for Harvard’s largest movement-based organization (100+ members)
- Meet with team to brainstorm and implement ideas to improve member experience and promote health and fitness on campus

## PROJECTS

---

**Oscar Predictor** | [github.com/rickytruong/oscar-predictor](https://github.com/rickytruong/oscar-predictor)

*June 2025*

- Used logistic regression and decision trees to predict and visualize Oscar wins from web scraped data on award ceremonies
- Skills: Python (pandas, beautifulsoup, requests, re), R (tidyverse, logistf, rpart, rattle, stringi)

**STAT 100 Teaching Material** | [rickytruong.com/teaching](https://rickytruong.com/teaching)

*Jan. 2025*

- Developed supplemental guides to help teach introductory statistics in the form of slides and documents on personal website
- Skills: R (tidyverse, infer, ggglm, moderndive), CSS, HTML, JavaScript (intersection observer)

## AWARDS

---

**Summer Program for Undergraduates in Data Science Fellowship** | Harvard Data Science Initiative

*April 2025*

**Award for Outstanding Teaching** | Harvard Undergraduate Association

*Dec. 2024*

**John Harvard Scholar (Top 5% of Class)** | Harvard University

*Oct. 2024*

**Generative AI Research Fellowship** | Undergraduate Research and Fellowships

*May 2024*
